## Education

University of Louisville

BS in Organizational  
Leadership and Learning

Part-time Student

Expected Graduation 2018

## Employment

**Director of Curriculum (Sept '16 - Present) @ [Interapt](#) – Louisville, KY**

Lead the design and development of the Interapt Skills program. Trained and managed a team of six curriculum engineers to create modular blended learning curricula in iOS and Android. I worked with a team to plan and execute adult workforce training programs and high school training programs. Assisted in business analysis, market research, recruiting, marketing, location build-out, classroom management, IT/Networking, staff recruiting and training.

**Freelance Mobile App Developer (2015 - Present)– Louisville, KY**

**Lead iOS Developer (Winter '16 - Present) @ [MailHaven](#) – Louisville, KY**

**iOS Co-Lead Instructor (Summer '16) @ [Make School](#) – Sunnyvale, CA**

**Mobile App Developer (Dec '14 - Sept '16) @ [Interapt](#) – Louisville, KY**

## Skills

- Experienced Android (Java) and iOS (Swift) developer.
- Proficient in web app development with Ruby on Rails
- Familiar with Objective-C, Python, and Kotlin
- Technical curriculum development, design, and instruction
- Leadership in training program design and execution

## Volunteering

**Code Louisville, Volunteer Mentor ('15 - Present)**

Code Louisville offers a free 12-week software development mentorship to adults in the Louisville area. I have been a mentor for Front-End, Android and iOS.

## Projects

**SnapHunt (April '16 – August '17)**

SnapHunt is a discovery platform to help Snapchat users find new content and creators. We launched at a Startup Weekend and within 4 weeks had 5,000 users registered and active. I built a team of developers, lead marketing efforts, negotiated partnerships, and lead the development of an iOS and web app.

**Yeti Agenda (October '13 – June '15)**

I built a platform for students, teachers, and parents to access classroom information without difficulty. Self-taught iOS, web development. Gained experience conducting market research, customer discovery, customer research, sales, marketing, and team building.
